Opakované upozornění na úkoly

NEWS – Mobility – edit abbreviated and detailed reports of the logbook

New columns have been added to the abbreviated and detailed reports of the logbook - billing of private journeys, for electric vehicles (BEV) and Plug-in Hybrid vehicles (PHEV):

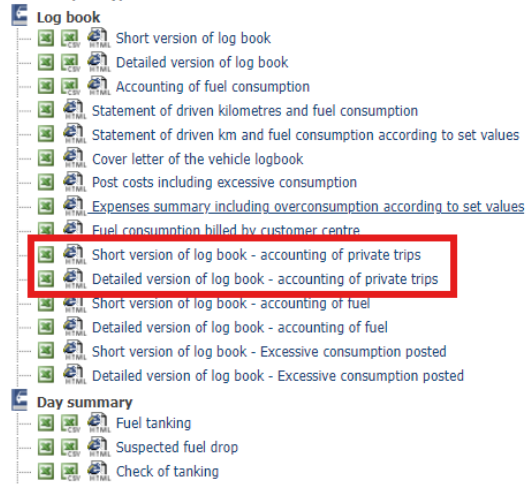

- Consumption kWh/100 km

- Average kWh price

- + combination of these columns with the PHM for PHEV vehicles

- Modified display of vehicle type (BEV and PHEV added)

Select export type:

NEWS – New version of CAR SHARING app

For **CAR SHARING** app users we have released a new version **1.4.8** where we have made the following changes:

- We moved the **logout** button to the bottom of the list and **highlighted it in red** (in the mobile app and web interface)
- **Graphical improvements** in the mobile app
- We have added a "**Manuals**" **tab** to the mobile app where you can find e.g. the app manual or the app guide
- In the mobile app, under the **User Account** tab, the option to **set the default home zone** has been added.

For more information about the new products, please contact your sales representative or technical support.

END

We hope that you have found useful information in the articles in this issue of the magazine that will make working with your fleet even easier.

Thank you for your trust.
