## REPEATED NOTICE – The old mobile application labeled “legacy” will stop working

Dear clients,

We would like to remind you once again that the old version (1.x.x) of the Webdispecink mobile app (legacy) will stop working at the end of May 2026.

We have informed you about this risk in the past (about three years ago), but we have noticed that some of you are still using the old application.

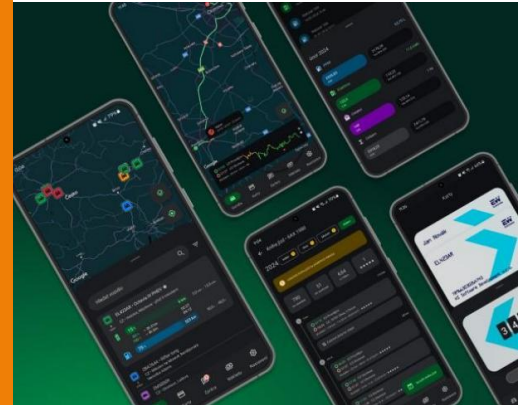

For this reason, we kindly ask you to upgrade to the new version of the app (2.x.x) as soon as possible, as it is fully supported and offers improved features.

This new version was released in 2023 and is available on Google Play and the Apple App Store.

Google Play (Android):  
<https://play.google.com/store/apps/details?id=cz.hisoftware.webdispecink>

Apple App Store (iOS):  
<https://apps.apple.com/cz/app/webdispecink/id1555253517>

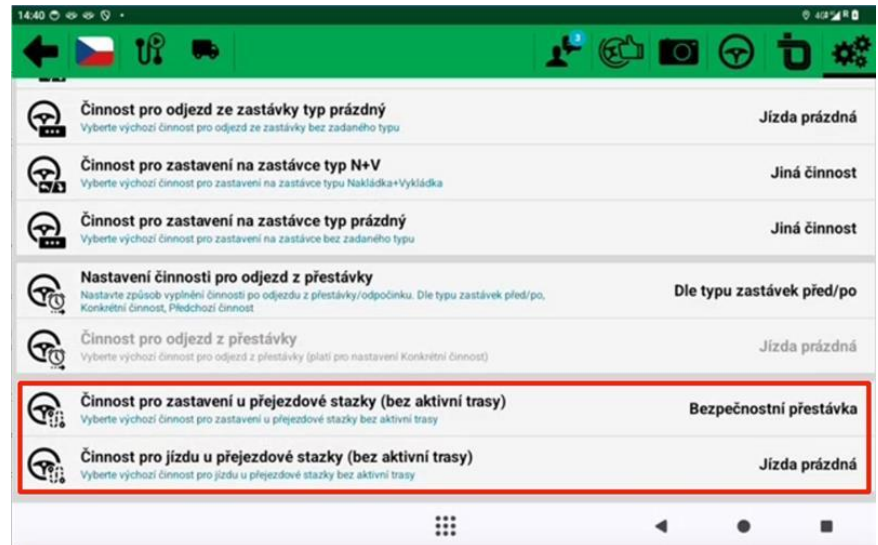

If you are already using the new version, you can ignore this notice.

# NEWS – We've released a new version of the WD Fleet app

## What's new in version 1.10.6:

- New settings for automatic log
- Basic function settings - Default actions for automatic creation of activity log - it is possible to set an action for stopping and an action for driving

## NEWS – We've released a new version of the WD Fleet app

- Estimated time of arrival (ETA) at all stops along the route, including AETR
- For each stop, we now display the current estimated time of arrival (ETA) based on the navigation system, as well as the estimated time of arrival (ETA) calculated using the driver's AETR

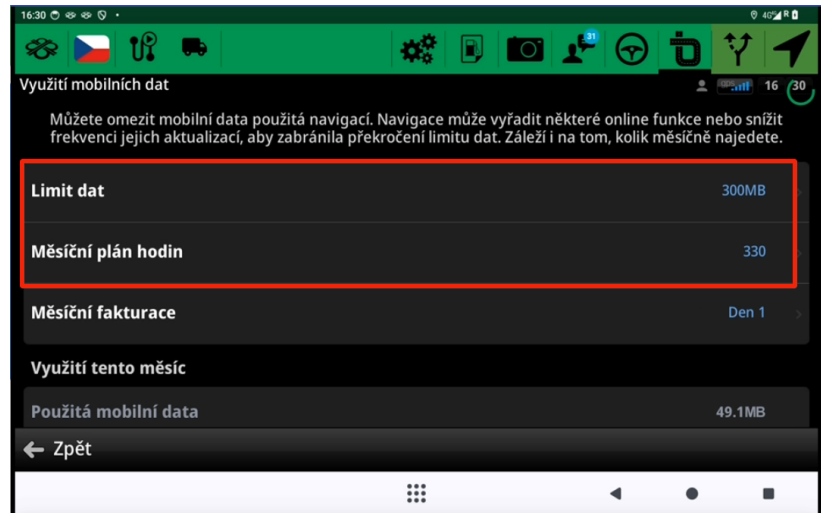

## NEWS – We've released a new version of the WD Fleet app

- **Increase the data limit for Traffic in Sygic navigation**

We have increased the data limit for real-time traffic in Sygic Navigation from 200 MB to 300 MB per month, and along with that, the number of hours of navigation usage to 330 hours.

- **Various bug fixes and improvements to the app's stability**

# NEWS – New bulk export

Among the bulk exports  
A new option has been added to  
"Vehicle Statistics Exports" – **Vehicle Statistics Including Cost Centers.**

This export is based on the "Vehicle Statistics" export, but has a modified number of columns. The export includes dynamic columns showing the centers and the number of business kilometers driven at each center. These columns are at the very end.

Vehicle statistics including cost centers

# NOTICE - Archiving of log book data in Slovakia

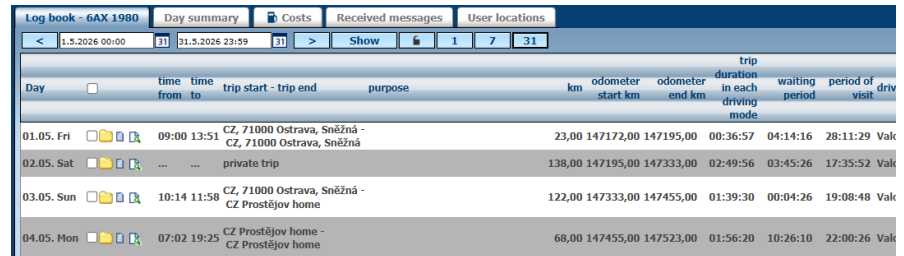

We would like to remind you of a legal requirement which came into effect in **2022 in Slovakia**, stating that **log book data must be retained for a period of 10 years**.

Our product includes **5 years of data archiving** as part of the standard base price.

If you need to meet legal requirements and retain your data for a longer period, we offer the option to extend the archiving period.

If you are interested in extending the archiving period, please contact us—you will need to reach out to your sales representative or our technical support team at +420 233 555 111.

Based on your request, we will be happy to adjust the archiving period for an additional fee.
